

JACKS

- **Jacks for jacking up forklifts and machinery supplied by Speddick**
- **We are the importers of various top-quality range of forklift jacks**
- **Which we call “crocodile “jacks since they slide under the side of the machine**
- **These are used for jacking up forklifts from the side, and work very efficiently**
- **All of our fitters around the country use our own import jacks and we also sell to end users and forklift dealers who all require this side lifting crocodile Jack.**
- **4 Ton - Crocodile**
- **5 Ton - Crocodile**
- **7 Ton – Crocodile**
- **TOE jacks -- for heavy equipment of -- very low machines**
- **Bottle jacks such as 30- and 50-ton bottle jacks for giant machines**
- **We carry stock of most of these jacks**
