

POLYURETHANE TIRES

- **SPEDDICK and our Nationwide Network of Agents specialize in providing high- quality, locally processed rebonded polyurethane tyres in all sizes.**
- **FITTING OF TYRES AND ON SITE**
Tires are fitted onto your existing wheel rims and hubs, or we can fit onto service exchange wheel rims in many cases – saving you days of downtime
- **By choosing our locally produced poly-u tyres, you benefit from reduced costs while enjoying a full tyre life guarantee on every polyurethane tyre we supply and fit.**
- **One of the major advantages we offer is our service exchange wheel rim reducing downtime while your wheels are being rebonded,**
- **NEW BEARINGS**
We fit the wheels / tyres complete with new bearings which is very important to stop failure on the new tyres and wheels.
